Product Description

What: Krush It™ IS the new standard in high stim pre-workouts. Combined with nootropics and our formulation of the highest grade botanical blend, gives you the insane energy, focus and endurance you NEED AND WANT in your training regime.

Who: Anyone who trains HARD, and can handle the strength that Krush It™ delivers. This is NOT your average pre-workout- it is EXTREME, and should only be taken by people with a high tolerance for pre-workouts. Remember that we warned you...

How: Featuring our “Super Human Krush It Pump Blend” made of Beta Alanine, L-Taurine & Theobromine, along with our “Focal Kinetic Krush It Matrix” consisting of Choline Bitartrate, Caffeine Anhydrous, Infinergy™ DiCaffeine Malate, Norcoclaurine HCl & Rauwolfia Vomitoria Extract, you’ll receive immediate onset energy & endurance, maximum focus and that “Super Hero” strength.

When: Take one serving (1 scoop) in 8-10oz of water, 15-30 minutes prior to training/physical activity. To assess tolerance, use 1/2 of a serving (1 half of a scoop) 15-30 minutes prior to training, in 8-10 ounces of water. DO NOT, WE REPEAT, DO NOT exceed more than two scoops in any 24 hour period.
